

Northwestern Territory

Ryan Snoddy, Superintendent
February, 2014

How to become a student in a school where “Excellence in Education is a Tradition.”

Northwestern School Corporation will begin accepting applications from students interested in transferring to any of our schools for the 2014-15 school year on February 1, 2014. Parents or students may access application forms through our website (further down this page) or by calling 457-8101, ext. 1100. Due to legislative changes, our transfer selection process has changed for the upcoming school year. During the April school board meeting, the number of seats available for transfer students will be announced. Once the number of seats per grade level has been established the board will consider transfer requests at each grade level. In the event the number of transfer requests exceeds the number of seats available per grade level, the board will conduct a lottery during their May, 2014 meeting. Completed applications with accompanying documents received prior to April 30, 2014 will be eligible for consideration by the school board during this meeting. Applications received after April 30, 2014 will be considered if space in classrooms remain available after the May transfer lottery process. I recommend submission of the transfer application as soon as possible. In addition, all required information must be submitted by April 30 to insure a complete application. The school board will consider only complete applications, including required associated documents for approval or, if necessary, entry into the lottery process. I encourage you to contact any of the building principals or me to learn more about our school corporation and join the 400 students who have transferred to our schools in the past four years. We look forward to you being a part of a school corporation that takes pride in its ISTEP+ Score recognition, Four Star School Awards, Federal Blue Ribbon School Award, Statewide Science recognition, and many other academic awards and recognition. These awards are possible due to the educational values exhibited by our students and parents as well as the work of a staff that has garnered Presidential teaching awards, Armstrong Fellowships, and district and state teacher and administrator of the year awards. If a challenging environment inspires you, take the necessary steps to become a part of our Northwestern family.

All phone contacts can be made by calling 457-8101 and we can be reached at the following extensions:

Superintendent:

Ryan Snoddy, Superintendent ext. 1100

Principals:

Ron Owings, Northwestern Elementary ext. 5000
Jeaniene Garrison, Howard Elementary ext. 6000
Brett Davis, Northwestern Middle School ext. 3000
Kristen Bilkey, Northwestern High School ext. 2011

Transfer Application Timeline

February 1-April 30	Application period
April	Identification of available seats per grade level
May	School Board Transfer Lottery (only complete applications considered.)
